

BIRDS OF AFRICA

Students in **grades 4-8** are invited to come ***sketch and learn*** about some of the incredible birds who are at home in Southern Africa. We will practice our drawing skills as we sketch and color various birds, learning about their habitats, behaviors, and life cycles.

12:30 - 2:30 pm EST

- June 17:** In Black and White
- June 18:** Birds of Bright Colors
- June 19:** Unique Parenting
- June 20:** African or European?
- June 21:** Long Legs

Birds studied will include: the Secretary Bird, Blue-cheeked bee-eater, kingfishers, and the common yet mighty swallow who migrates annually from Europe to South Africa!

MATERIALS NEEDED:

- sketchbook/notebook
- pencil and eraser
- colored pencils

MEET THE INSTRUCTOR

HANNAH GRAVES TEACHES LATIN, ART, AND RELIGION COURSES AT SCHOLÉ ACADEMY. SHE HAS SPENT THE PAST TWO YEARS LIVING AND TEACHING IN MALAWI AND HAS BECOME AN AVID BIRDER. BUT ALAS, SHE IS NOWHERE CLOSE TO HAVING SIGHTED ALL 683 BIRD SPECIES IN MALAWI!
