

SHORT WORK

Come write a short story with us during our 5 week workshop!

Description: Have you ever wanted to work on writing and crafting stories but haven't been able to find time to do so during the school year? The short story writing workshop is designed to give you a place to get feedback on your writing as you write and refine a single short story. During this class we will also be reading two works of contemporary fiction by Christian authors and even be joined in some classes by one of the authors herself! Katherine Briggs is a Classical Christian educator and author of *The Eternity Gate*. Students will be able to ask her about her writing and get feedback on their writing from her.

Texts/Materials:

- *The Eternity Gate* by Katherine Briggs and *Firebird* by Kathy Tyers
- Any word processing software or a writing journal
- Reading and writing schedule provided with class syllabus
