

Well-Ordered Language On-Ramp:

Prepare for Level 3

For rising
5th-7th graders

Is your older student new to the Well-Ordered Language program? Has it been awhile since your child completed WOL Level 2? Maybe they'd just benefit from some extra practice before beginning Level 3? This summer program will give students confidence in the skills they'll need to be prepared to enter WOL 3 in the fall.

Our 9-day review of the grammar concepts learned in Levels 1 & 2 will set up for success those who are new or returning to Well-Ordered Language. Brief homework to practice each day's topic will be offered. Homework completion is not mandatory, but it is recommended! We will read a few picture books, we'll sing and chant grammar terms, and students will even have the opportunity to come to class in zany costumes on our final day!
